

WSQ Respond to Fire Emergency in Buildings (2 Day)

Accredited by SCDF: 20 CPD Points

Accredited by SISO: 16 SDU Points

Accredited by SSG: WSQ module [Course Ref Number : CRS-Q-0026952-PI ; Course Code: PI-CP-103E-1]

Course Overview & Aim

Recommended Course for RT and SIC (Tier 2 premises which store less than 5 metric tonnes of Petroleum & Flammable Materials)

The 2-day course will provide members of the Company Emergency Response Team (CERT) in the Public and Industrial premises with Fire Safety Manager and store less than 5 metric tonnes of Petroleum and Flammable materials with the essential knowledge and application skills to function as a member of an emergency response team. It equips the team to implement the emergency response skills during an emergency incident in buildings. This training covers basic firefighting, rescue techniques and procedures as a CERT member that can be utilised during an emergency.

Course Content

- Interpret emergency response legislations and guidelines
- Identify fire hazard scenarios and usage of fire protection system in buildings
- Demonstrate use of breathing apparatus according to BA wearer guidelines and entrapment procedures
- Assess the emergency situation and conduct firefighting to contain fire in high rise buildings
- Participate in rescue and evacuation exercise
- Hand over incident and provide operational assistance to the appropriate authorities

Target Audience

Response Team members and Site Incident Controller (SIC) from public and industrial workplaces who are the first responders for incidents in premises with Fire Safety Manager and store less than 5 metric tonnes of Petroleum and Flammable. Persons who want to be recognised as a competent person applying emergency response skills during an emergency incident in buildings.
