

CERT WEBINAR 2021: THINKING BEYOND EMERGENCY RESPONSE

**8TH COMPANY EMERGENCY
RESPONSE TEAMS WEBINAR**

26 MARCH 2021, FRIDAY
2.00PM TO 5.00PM

ONLINE, BY RESERVATION ONLY

ABOUT A-CERTS

The Association of Company Emergency Response Teams (Singapore) (A-CERTS) is a non-profit organisation which is established in the year of 2011, with the support from Singapore Civil Defence Force (SCDF).

Since then, A-CERTS has established on a journey to establish a credible platform for emergency responders and companies to join as individual/corporate members to share their experience and network with each other. We also aim to create, professional development opportunities within our fraternity.

With the aim to constantly to be on par with the industry standards of excellence and developments, A-CERTS continues to work side-by-side with government agencies in developing and enhancing training courses and setting quality benchmarks in the field of Emergency Response & Crisis Management.

ABOUT THE WEBINAR

A-CERTS' annual event is back once again in 2021 with a whole new significant agenda specially crafted for the company emergency responders. The Organising Committee of the CERT Webinar 2021 has gone a step further to explore against the normal roles and responsibilities of emergency responders.

Every year, the goal of CERT Seminar is to provide a platform where authorities, industry leaders, and other stakeholders share their vast experiences and valuable insights on new norms of professional knowledge and skills, as well as, for networking opportunities. Whilst networking opportunities are not feasible physically at the moment, networking online is the new normal. Henceforth, we are bringing it to you as CERT Webinar 2021.

This Webinar is expected to highlight interesting and innovative subject matters, presented by highly distinguished experts. The agenda will focus on relevant and contemporary issues that will stir the minds of emergency responders and safety professionals into exploring new ways to ensure a safe and secured environment.

The CERT Seminar 2019 had attracted more than 700 participants ranging from emergency responders, safety officers, executives, managers and directors. A-CERTS is expecting to receive 2000 participants to be a part of this Webinar.

ABOUT THE THEME

The theme "Thinking Beyond Emergency Response" will be the key focus for the 8th Edition Company Emergency Response Team (CERT) Webinar where insightful information in addressing the emergency preparedness issues is discussed. The Webinar will also take a deeper dive in discussing about the best practices pertaining to potential emergency scenarios from various industry as well as the effective response plans and procedure which may gear the participants with knowledges in designing and articulating the emergency response plan.

A-CERTS strives to explore the latest regulatory compliance, making sure the industry stays informed and relevant. Best practices and experiences are shared which could transform the CERT team in responding to incident in a timely manner to stabilise an incident and minimise potential damage. The half-day Webinar will enable the Fire Safety and Emergency Responders be aware of the latest best practices and innovation technology which could be useful in building and sustaining an effective CERT Foundation in an organisation.
